ANNEXURE - 1 TO BOARDS' REPORT MANAGEMENT DISCUSSION & ANALYSIS REPORT 2016

Overall Industry Performance

Insulator Industry

The Indian Insulator industry for the Financial Year 2015-2016, continued to retain last year's trend, with negative growth and the demand continuing to remain more or less flat. Though the anti-dumping duty has reduced the indiscriminate import of insulators, yet the dumping has already done the required damage, with slowdown in demand for local products.

As per the Report of IEEMA, import of Insulators through direct imports declined by 40%; the Imports through Project Imports route continued to the tune of INR 350 crore including Insulators & other components, parts & fittings etc

As compared to last year, the overall sale by volume has fallen down by 7%. The inflation index of insulators grew by 1% as per the Press Release of the Government of India, Ministry of Commerce & Industry, Office of the Economic Advisor. This had an impact on the input costs, with continuous rise in costs of fuel, power, raw materials and other inputs. This, coupled with the delay in realization of payments has aggravated the situation. As a way out, there has been a gradual shift of majority of the projects to EPC domain which however, requires altogether a different business model.

Turnkey Projects

According to a statement of the Union Ministry of coal, power and renewable energy, the power Industry has an investment potential of USD 250 billion in the next 4-5 years, providing immense opportunities in power generation, distribution, transmission and equipment.

Your Company's Performance

Due to the re-organization program, there was no production at your Chennai plant for the financial year under review. The income that was generated was from realization of the previous years' sales or sales of scrap. Overall operations, as a result of the financial stringency, have slipped considerably. The cash crunch

continued and the Company is in talks with the financial institutions for a revival scheme under the aegis of the Hon'ble Board for Industrial & Financial Reconstruction (BIFR).

Opportunities and Threats

The rationalisation of the EPC business are seen as a major opportunity for cash flow and revival of your Company's business. The continuing lesser demand for insulator business, the ever increasing product costs and the indeterminable time of availability of cash for working capital needs are seen as imminent threats.

Risks and Concerns

Your Company has an adequate Risk Management Policy which would help in identifying and mitigating enterprise risks. The increasing litigation and the non-availability of working capital continue to remain the imminent concerns for your Company. However your Company's pending reference with the Hon'ble BIFR would help in reaching at a settlement under the revival scheme as aforesaid.

Internal Control System and their adequacy

Your Company has adequate internal control systems as necessary with the requirements of the Companies Act, 2013.

Financial Review

Financial difficulties faced by the Company in recent past, have been primarily the result of steep rise in the price of raw material coupled with reduction in sales volume, higher competition in the industry, overdue in debtor's realisation and economic slowdown, which all resulted in a liquidity crunch.

Your Company operates in a highly working capital intensive industry and due to liquidity crunch during the last few years, your Company was not able to meet its financial obligations towards lenders, access to fresh working capital was also not available. Simultaneously the workers of our Chennai plant of the Holding Company started an agitation and prevented entry of both our personnel and vehicles inside the premises. As a result we were unable to enter the premises and make proper assessment of the damage to the records and inventory and take immediate steps to repair and salvage the same. As on date in spite of lodging several police complaints, as well as taking legal redress, the workers have not conceded to all our appeals as well as the police and judicial intervention and as a result we have been unable to extricate these records nor inspect the inventory till date due to factors beyond our control.

Similarly, due to the adverse labour situation in the Vizag plant of the Holding Company, we have been unable to conduct the physical inventory till date for the same reasons.

The insurance settlement of Rs.19.6 Million was received by the Company in January 2016 and essential repairs commenced thereafter. Therefore no production could be carried out during the year.

Due to severe cash flow stress the Company was not in a position to continue to meet the employee cost and hence a retrenchment order was sanctioned by the Development Commissioner, Visakhapatnam Special Economic Zone, Visakhapatnam under as provided for under the appropriate acts which has since been completely implemented.

INDUSTRIES (INDIA) LIMITED** (herein after referred to as "Holding Company") and its subsidiary companies which are companies incorporated in India as of March 31, 2016 in conjunction with our audit of the Consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its Subsidiary Company which are companies incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Because of the matter described in the Disclaimer of opinion paragraph below, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on internal financial controls over financial reporting of the Group Company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and Directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

The system of internal financial controls over financial reporting, with regard to the company were not made available to us, to determine whether the company has established adequate internal financial control over financial reporting and whether such internal financial controls were operating effectively as at 31st March 2016.

We have considered the disclaimer reported above in determining the nature, timing and extent of audit tests in our audit of the Consolidated financial statements of the Company and the disclaimer has affected our opinion on the Consolidated financial statements of the company, and we have issued a Disclaimer of opinion on the Consolidated financial statements.
